SUMMARY

Motivated student with a strong foundation in web development, experienced in JavaScript, React, and Node.js. Passionate about solving real-world technical challenges and working on innovative projects. Quick to learn new technologies and eager to contribute to meaningful work while continuing to grow professionally and technically.

PROJECTS

Employee Management System – SSIP 2025

- Developed a MERN stack platform to manage employee data, attendance, and tasks, with MongoDB for storage.
- Integrated GPS-based attendance monitoring with camera access for location validation and secure JWT authentication with role-based access control.

WanderScape – Travel Planner App

- Built a travel planner app using React, Node.js, and MongoDB for storing itineraries.
- Integrated Redux for centralized state management and dynamic route handling, with responsive design and interactive features.

Automated Bus Scheduling & Route Management System – Smart India Hackathon 2024

- Developed a MERN stack solution for automating bus scheduling and route optimization, using MongoDB for data storage.
- Created an admin and employee dashboard with React for schedule management, powered by Node.js backend..

TECHNICAL SKILLS

- Programming Languages:** JavaScript, HTML, CSS
- Frontend Development:** React, Tailwind CSS, Redux
- Backend Development:** Node.js, Express.js
- Database Management:** MongoDB, MySQL, Redis
- Version Control:** Git, GitHub
- Tools & Technologies:** Postman, Visual Studio Code
- APIs & Integrations:** RESTful API,

EDUCATION

Rai University Ahmedabad

Aug 2023 - Present

B.TECH CSE | Pursuing | SGPA: 8.91/ 10

Abasaheb Garware College

Aug 2021 - Mar 2023

12th | MSBSHSE | Percentage: 96.50/ 100

St.Joseph's Convent School

June 2009 - Mar 2021

10th | MSBSHSE | Percentage: 85.40 / 100

ADDITIONAL INFORMATION

- Languages:** English ,Hindi, Marathi
- Certifications:** Course Completion Certificate in Software Engineering by Infosys Springboard
- Activities:** Participated and Finalist of SSIP- 2023, Participated in Smart India Hackathon 2024, Techathon by Thinkbiz Technology and SSIP 2025.
